How we are capturing the assembly.

Megan Tyne, as we go along is organizing all the information. In two or three days, you should be able to go to the website and see how things are going..

Fay Hendrickson is also capturing the knowledge.

Tricia Miller – taking verbatim notes best she can to capture what is being said.

Karen Bennetts has volunteered to do a summary of each day. You can use it for what you would like to do with it.

All of the Chinese volunteers have now got everything on the EsF website in Chinese. That is incredible.

Is there anyone here that can take the three paragraph summary and translate into another language.

Reading group coordinators. Want to thank all of them too.

If you would like to volunteer for something, we have lots coming up.

Today we need a volunteer. We collect our pearls of the day. This year we are going to build a tree that captures all the thoughts of everybody.

I would like a volunteer who could key in the pearls of the day and put them on the website. They can also pick three of the pearls that they would say represents the day or speaks to you as important pearls of wisdom. We will have different shaped leaves and different colors.

Today we will have “games of peace” for us to do before dinner. They are collaborative games. This will be available from 5 pm. Otherwise, it will be dinner at 7:30 pm in the same place we had lunch.

LL : pearl of the day. It is all about finding meaningful work.
