Montessori Education for Social Change  
Serving Humanity - Celebrating Solidarity

Never believe that a few caring  
people can't change  
the world. For, indeed, that's all  
who ever have.

Margaret Mead

“All the marvellous results always come from the expenditure of the energy of the child.”

“When freedom and no interruptions by the teacher,  
he gives full, complete, concentrated work.”

“Do not look to me for leadership or solution;  
look at the child; follow the child.”
