

## Victory To World

March on with the slogan,  
Victory to the whole world  
Let us offer everything  
at the altar of peace  
Let us stake our happiness,  
for the good of all

Let peace prevail,  
Let everyone love everyone  
Let the whole world be the winner,  
Why should anyone be a loser

All laws be based on justice,  
May all enjoy equal right  
Let land belong to all,  
Even as the sky belongs to all

Throw away differences of colour,  
Break the barriers of religion  
Let the bond of love  
among mankind be immortal

May the winds of peace  
engulf the world,  
May the world rejoice  
May the darkness of hatred give way  
to the dawn of friendship
