

Fifth EsF Assembly
Hyderabad, India
30 July-August 13, 2016

Montessori Education for Social Change
Serving Humanity - Celebrating Solidarity

Pearls of the Day

Saturday, 6 August 2016

Every day holds the possibility of a miracle.

The cave you fear to enter, holds the treasure you seek.

When you leave, you will take some of us with you, and leave some of you with us.

Meaningful environment.

Life is given a meaning, with what we do.

An open heart, an open mind, facilitates others to be open to change.

Man is a learning animal and the essence of the species is encoded in that simple team.

All elderly people need a reason to get out of bed.

It is not the strongest of the species that survives nor the most intelligent that survives. It is the one that is the most adaptable to change.

We sow the seed never to harvest.

It is time we change how we provide age care.

All people, regardless of ability, can learn. The only question is how can we engage them in a meaningful activity.

Have patience, success will follow.

Montessori from childhood to adulthood... Yes, think for the aged!

Peace that passeth understanding.

You cannot always take the child to the prepared environment. Sometimes you have to prepare the environment the child is in. That is what EsF is.
