“We are all a single organism, one nation. By becoming a single nation we have finally realised the unconscious spiritual and religious aspiration of the human soul, and this we can proclaim to every corner of the earth.

We are living this reality. We have proof of it in the almost miraculous powers that today are enabling man to rise above his natural condition.

Man now flies higher and more confidently through the heavens than the eagle; he has massed the invisible secrets of the energy of the universe; he can look up into the skies and the infinite; his voice can cross the world's seas, and he can hear the echoes of all the world's music; he now possesses the secret powers of transforming matter.

In a word, contemporary man has citizenship in the great nation of humanity”.
