

Dear _____,

Thank you for your donation of _____ to the Montessori Institute of North Texas!

Experience proves that training teachers is the most effective way to make Montessori education more widely available. MINT graduates are working now – in public and private schools here at home, throughout the United States, and around the world – and another group of new teachers will soon join them. Thanks to your support, we are making it possible for more children and families to experience the gift of a Montessori education.

Dr. Montessori said, **“The child is both a hope and a promise for mankind.”** Your gift will make it possible for more children to see this hope and promise fulfilled.

Gratefully,

Mary Caroline Parker
Executive Director

For IRS Purposes: no goods or services were provided by MINT in exchange for this donation.
