Where do you live now?

Here are a few open-ended questions: More will be added depending on the encounter with the person and their 'story'

1. How and when did you discover "Montessori Education"?
2. What kind of impact did it have on you?
3. Has this encounter changed your life? Professionally? Personally?
4. Has it changed the lives of your children, other family members?
5. Others in your community? Are there people from different cultures, religions, socio-economic backgrounds? General level of education?
6. Has it influenced your perception about other ways you would like to explore building partnerships with others to make the world a safer and more joyful place to live?
7. Are there any other points you would like to share in your story?
